

WELCOME BACK!

DEAR PARENTS,

As your new school lunch provider, our goal is to serve nutritious, well balanced meals that appeal to students and the school community. We are pleased to provide a comprehensive school dining program at the Wantagh School District that meets the National School Lunch and Breakfast Program requirements and engages students in developing a positive "Fooditude".

At Whitsons we are going back to a time when good food was simple. As part of our new Simply Rooted™ Food Philosophy we are focused on using ingredients that are locally sourced, all-natural, organic or non-GMO, and minimally processed, whenever possible. We're going back to our roots and we would like the entire school community to join us on this journey. Some new items that may appear on menus include: organic veggie burgers, whole grain pasta with organic tomato sauce, organic meats such as turkey and sausages, organic applesauce and a variety of fresh fruit side dishes, just to name a few.

Our menus feature an interactive state of art nutrition and allergen awareness system where Parents, nurses, teachers and student can "build" their menu to see calories, fat and other important information. Here is how to use our menus:

Go to the districts website or type the web site below into your browser. Download the menu, click on any items and the allergens and nutritional data will populate next to the items selected.

We look forward to serving your children and welcome your feedback.

Sincerely,

Kelly Friend
COO, Whitsons Culinary Group
